SL16368

New Malco Measuring Tape features handy Quick-Note Case and Versatile Double Sided Blade with 4 Hook Points.

**T425W**  
**25'**

*\* Work Faster*

- Note one measurement or a quick series on the large writable surface.
- Use a common "pencil only" for writing.
- Package includes 2 carpenter pencils. You supply thumb or pants as eraser.

*\* Work Easier*

- Long-life, nylon coated blade protects high visibility inch graduations and wall stud increments.
- Long-reach curvature makes blade self-supporting up to 10 feet (3 m).
- Double Sided Blade allows convenient orientation of case around obstacles.
- Wide Double Hook with Four Solid Points provides reading options without unhooking.

*\* Greater Accuracy*

- Positive Slide Lock prevents blade creep.
- Optional reading from back side of blade, with curve face down facilitates stud increments, easier graduation locating and marking.

**Specifications**

**Quick Note, Double Sided Measuring Tape**
