

We all have a choice.

Choose Professional Grade.

Extended-life capacitors at an excellent value.

Reliable. 60,000 hours

Flexible. Reduce inventory carrying costs with 440/370 volt capacitors

Compliant. Built to EIA-456A industry standard for endurance

Certified. Meets UL 810 safety standard

Tested. 100% electrical testing

Reinforced. Heat tolerant, high-grade metallized polypropylene film; and proprietary Epoxidized Soybean Oil (ESO)

Product Range:

Temperature. -40°C to +70°C

Tolerance. +/-5%

Capacity. Rated 2 MFD to 80+10 MFD
